GRIASS ENK... (Tyrolean „Hello“)

... Eating is a need, enjoying is an art.

Good food and fine wines

By consciously purchasing products, we avoid waste and prefer regional products. In addition, we primarily use local and organic food. In the short transport routes, the ingredients remain fresh - an important quality feature, which is reflected above all in the taste. Tolerance and fair play not only in the selection of our materials and products a large role - also the togetherness is an important social aspect in the Fauser Stådl.

Fauser Stådl

The Fauser Stådl is located in the center of Serfaus and was a small farm in former times. Over the years, the farm turned into a culinary restaurant, where today many guests come to visit.

Nice that you are here ... looking forward for a quick reunion!

Greiter Family and Fauser-Stådl-Team
