

Faith can move mountains

GRIASS ENK... **(A Tyrolean hello)**

... Eating is a need, enjoying is an art.

Good food and fine wines

By consciously purchasing products, we avoid waste and give preference to regional products. We also primarily use local and organic food. With the short transport routes, the ingredients remain fresh - an important quality feature that is primarily reflected in the taste. Tolerance and fairness not only play a major role in the selection of our materials and products - cooperation is also an important social aspect at Fauser Stådl.

Fauser Stådl

The Fauser Stådl is located in the center of Serfaus and used to be a small farm. Over the years, the farm turned into a culinary restaurant, where numerous guests come to visit today.

Nice that you were there ... hope to see you soon again!

Family Greiter and the Fauser-Stådl-Team

Allergen labelling

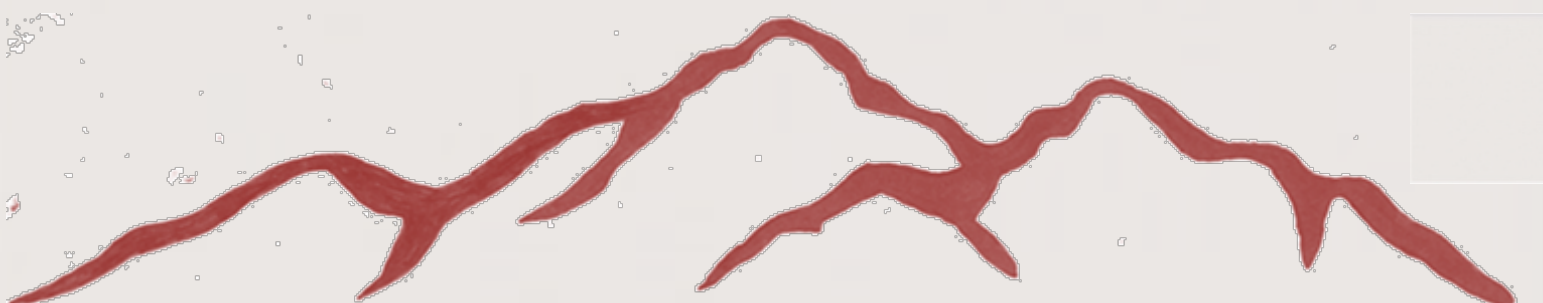

Guests who have to live with food incompatibility, will find in our menu written labelling of the 14 allergens on every dish (EU regulation).

We are cooking with regional products and quality-conscious.

We wish all our dear guests a pleasant stay and hope you enjoy your meal!
